

## NUVOCOOL CANINE COMFORT GEL

Advanced Multi-Pathway Skin Support for Dogs

Clean. Lightweight. Designed for Daily Use

### CALMING CARE FOR ACTIVE DOGS

A fast-absorbing topical gel designed to support skin comfort, conditioning, and mobility for active dogs without greasy buildup.

### WHY NUVOCOOL STANDS APART

Most canine topicals rely on a single active ingredient  
NuvoCool is engineered differently:  
Multi-ingredient system vs single-actives  
Fast-drying gel vs greasy balms  
Skin-focused formulation vs surface-only feel  
Designed for consistent, repeatable daily use

### WHY PET OWNERS CHOOSE NUVOCOOL

- 1,000 mg Hemp-Derived CBD Isolate
- Multi-Pathway Skin Comfort Formula
- CBD + Botanical Oil Complex
- Lightweight, Fast-Absorbing Gel
- Supports Comfort for Active Dogs
- Daily Grooming & Care Ready
- Modern, Skin-Focused Formulation

### DIRECTIONS FOR USE

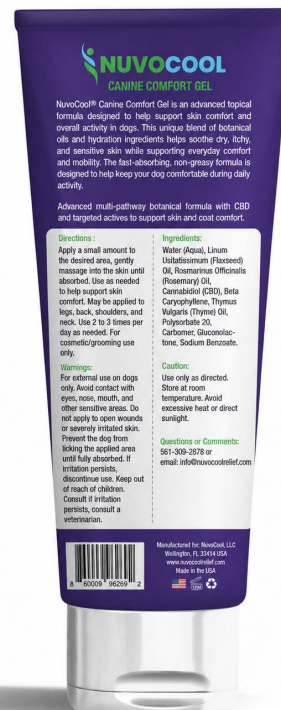

- Apply a small amount to the desired area
- Gently massage into the skin until absorbed
- Use 2–3 times daily as needed
